**A successful businessman** once was asked the secret of success. His reply summed up success in three words: AND THEN SOME. He learned early in life that the difference between average people and truly successful people could be simply stated in those three words. Top people did what was expected and then some! Jesus taught them 'and then some' principles in the Sermon on the Mount. He is saying: Go beyond what is expected! Go a little further! Let these words serve as a tonic for your spirit. Practice your faith faithfully –and then some. Give generously of your time and resources- and then some. Greet those you meet with a smile – and then some. Meet your obligations; be dependable –and then some. Do your best in all things and at all times –and then some. - Clarence DeLoach Jr

**Saint Brigid,** You were a woman of peace. You brought harmony where there was conflict. You brought light to the darkness. You brought hope to the downcast. May the mantle of your peace cover those who are troubled and anxious. May peace be firmly rooted in our hearts and in our world. Inspire us to act justly and to reverence all God has made. Brigid you were a voice for the wounded and the weary. Strengthen what is weak within us. Calm us into a quietness that heals and listens. May we grow each day into greater wholeness in mind, body and spirit. Amen.
