Pope's Intention for September: For the care of water. For a just and sustainable management of water, a vital resource, so that everyone may have equal access to it.

Readings this Weekend: The readings today deal with the same theme of neighbourly correction. This is a difficult art and can only be exercised through genuine love and the purest of motives. We have to learn to help and to heal each other. In this we have to avoid attitudes of prying, denunciation, jealousy and informing. The spirit of the Gospel which lays down a procedure must be our guide.

Reflection: After Mass: Did I pray the Mass? Did I encounter Christ today? Did I offer myself today? Did I gain something spiritual today?

A thought: Back to School. Educating is an act of hope and a passion that is renewed because it manifests the promise we see in the future of humanity. Pope Leo.
