Next Week's Jackpot: €3,300.

A Prayer for Exam Time

Lord,

Be with me in this moment.

Calm my thoughts, steady my breath.

Help me to recall what I've learned,

To think clearly, To stay focused.

Give me the peace to face what's ahead,

The confidence to try,

And the grace to accept whatever comes.

Let my work be honest.

Let my effort be enough.

Amen.

Exam Students of 2026

I hope that you are well as you enter into this final time of preparation for your upcoming exams. No exam, no matter how important, can ever define you. You are much more than any exam and much more important in God's eyes than any grade you might receive. I know that exam time can be a stressful time. This is all the more when the exams we are sitting might influence our future path in life. I just wanted to let all the young people involved in this year's state examination processes know that you are very much in my thoughts and prayers at this significant time in your lives. I am also thinking of the parents, guardians, families, teachers and friends of those sitting examinations. It can also be an anxious time for you too.

One of the great things about living in the age in which we live in is that your future does not have to be defined by these exams. Although they are an important step in gaining access to the course or career you have dreamed of, don't forget that there are many other ways and a variety of other paths that can lead you to where you should be in life. It is not "what you are in life" or "what degree you have" but rather the "kind of person you are" that makes all the difference. Try to get rest, eat well, take time off, relax as best you can. Find a reasonable study schedule. Do your best and then let God do the rest. He will be there with you to calm those nerves, to help you in ways you might not expect and most of all to give you the gift of perspective. Remembering you all in my prayers at this time and indeed throughout the summer and always.

+Michael Duignan
